toiswanson So I finally tried the #milkie's #milksaver. It caught a whole .5 oz of #liquidgold while I was #nursing the baby. This is a spectacular invention. No more wasted #mothersmilk while nursing. #everydropcounts #breastfeeding #breastfeedingmomma #feedpumprepeat #blogger #mommyblogger #lifewith2Zs #lifewithZ #zachandzay

stlmetrofoodie Where did you find those? My daughter needs to try them

toiswanson @stlmetrofoodie I received them to test as part of my mommy must haves and they are a definite must. I had no idea I was losing that much milk just while feeding him and he's just a newborn. Here is the link though. <http://www.fairhavenhealth.com/milkie's-milk-saver.html>? source=milkie's
